The White Bear Lake Police Department and Abrams & Schmidt LLC are co-sponsoring the workshop:

“Garrity-What Is It and Why Does It Matter to Public Employers?”

Abrams and Schmidt LLC are again presenting this one-of-a-kind workshop to provide law enforcement personnel a practical understanding of Garrity v. This half-day seminar will: explain in detail the Garrity case and its’ application for your department; provide play by play examples of Garrity problems; provide sample Garrity advisories available for use in internal affairs investigations; and use hands-on hypotheticals to provide instant recognition of Garrity problems.
